

Medivet *Healthcare* Plan

Exceptional care, always there

M
MEDIVET
ALWAYS THERE

What is the Medivet Healthcare Plan?

The Medivet Healthcare Plan is a simple way to spread the cost of your pet's regular care, making it easy and convenient to stay on top of vaccinations and flea and worming protection. You can pay by monthly direct debit or one-off annual payment, and with regular health checks included, we'll be here to help you keep your pet healthy and happy.

Why is it good for your pet?

We'll see them for a nose-to-tail check every six months, which means we can keep a close eye on their health and wellbeing and spot any problems early on. We'll also look after their regular parasite control and annual vaccinations.

Why is it good for you?

As a member, you can be rest assured that your pet's routine treatments are covered. You'll also receive 10% off vet care and medications, and we'll send you reminders when your pet's regular vaccinations and treatments are due. Plus, we're on hand for advice and reassurance whenever you need us.

Interested?

Speak to your practice team or visit [medivet.co.uk/medivet-healthcare-plan](https://www.medivet.co.uk/medivet-healthcare-plan) for more information.
