

# Looking after your new kitten

3  
months

- Socialise your kitten to different sounds, places and people.
- Kittens can sleep up to 20 hours a day.

4  
months

- Kittens have almost three times more energy than an adult cat.
- Kittens prefer to go to the toilet in private.

Full of energy

5  
months

- Kittens like to explore and play.
- Grooming is a good way to bond with your kitten.

6  
months

- Scratching posts allow your kitten to file their nails.
- Kittens have 26 'baby teeth'.

Cuteness overload

7  
months

- Kittens love cardboard boxes.
- Kittens have a strong sense of smell.

8  
months

- A kitten's whiskers are as long as their bodies are wide.
- Always have fresh water available for your kitten.

We're here for you and your new kitten every step of the way.
